## HUDSON SUPER-SIX TO HAVE NEW PHOENIX SALES AGENCY

An important business transaction that has just taken place in Phoenix, is the formation of the Hudson Sales company for the sale in Phoenix of the Hudson Super-Six motor cars and Vim trucks, both widely known and high class in the motor world. The owners are: C. D. Messner, one of the best known automobile supply men in Arizona, and C. H. Ellis, Mr. Ellis is a recent addition to the business circles of Phoenix, but he is a man of large financial resources, and known as a business success.

The Hudson Sales company has already arranged for the construction of a big, modern garage by E. E. Pascoe on the Pascoe ground back of Mr. Messner's present supply store at 308 North Central avenue, which will be the Hudson Sales company entrance.

There will be big display rooms on Van Buren street just west of Central avenue. In the rear of these display rooms will be the garage. Jack Smith, well known automobile expert, will be manager of the Hudson Sales department, and Leon Jones will have charge of the Vim truck department.

The first carload of Hudsons was unloaded last night, all of which have already been disposed of. One of this carload will, however, be reserved as a demonstrator. Two more carloads of Hudson Super-Sixes will be received some time next week.

A carload of Vim delivery trucks is expected to arrive a week from Saturday. The men that are backing and in charge of the Hudson Motor Sales company are successful men, and it is

## KIBBEY MAKING FINE IMPRESSION IN OLD COCHISE

Special to The Republican

PHOENIX, Oct. 19.—The entire southland is excited over the present political battle and it is being freely predicted on the streets here that Hon. J. H. Kibbey, republican candidate for United States senator, and Tom Campbell, republican candidate for governor, will be elected by a substantial majority. And when this is being conceded in "dear old Cochise" it looks like a certainty for the two republican leaders.

Tom Campbell made a tremendous hit here by his fearlessness and courage, his honesty and straightforwardness and despite the fact that attempts were made to break up the meeting, he masterfully handled the hecklers and before he ended his story to them, they were his staunch admirers and were applauding him vociferously.

Former governor, J. H. Kibbey, is making a tremendous impression upon the voters as a result of his discussion of the issues without any attempt to cloak them behind flights of flowery oratory. The "foremost Arizona" has been capturing town after town, city after city, usually "by storm." Voters of all political faiths are flocking to him. They like his conservative and constructive pledges. And every resident of the state knows that when Governor Kibbey makes a pledge, it is one that he can execute, and not an idle pre-election promise like many that have been made to the voters of this state by congressional candidates in previous campaigns.

The miners here know him to be a true friend of labor just as he is the true friend of the farmer, the cattlemen and everyone. They know that if he is elected he will perform his labors to the utmost of his ability—and they rate his ability most highly. Then, too, they know they are assured an "even break" and that he will never take advantage of them in little things.

**FALLING STARS**  
To old Confederates, who, as the saying had it, "fit in and endure" of our War of Secession, the address of the German chancellor recalls the churchyard efforts Southern optimists were wont to make to keep

**NOTICE OF SALE OF BUSINESS**  
This is to certify that on the 6th day of October, 1916, the business of the P. A. Kirkwood Electric Co., 305 North Central Ave., was for a good and valuable consideration sold to the Schwitzer Machine Co., with the exception of accounts receivable.

All accounts payable will be paid at 415 North 4th street.

our courage up. To the very moment of the surrender of our armies they never wavered of confidence and cheer. "Nil desperandum" was the favored motto. We were assured that "the darkest hour is just before the dawn."

We were finally reduced to fighting as the Germans claimed that they were fighting—except that our soil was actually invaded—for our "firedesires" having started out after our "rights in the territories" even as the Germans for their "rights in the sun." All in vain—to no purpose—equally in the one case and the other. We had hitched ourselves to the falling star of African slavery. The world was against it. The Germans have hitched themselves to the falling star of the Hohenzollern and the Hapsburg. The world is against them. As we took our medicine let them take their medicine—Louisville Courier-Journal.

**JUDGES IN SCHOOL DEPARTMENT OF FAIR**

Members of the high school faculty chosen as judges in the northern Arizona fair at Prescott, returned yesterday. They were Miss McClain, Messrs. Jansen and Elliott. Mr. Jansen claims that he never worked so hard in all his life. He only had to judge and read through seventy to eighty English compositions and about the same number of history outlines to be corrected.

The judges were treated with extreme kindness and this made the trip a great pleasure. P. H. S. should be more than proud in having such a brilliant faculty, as the northern part of the state honored Phoenix high school by choosing the faculty members of this school to act as judges in their educational department.

**AMUSEMENTS**  
"HUSBAND AND WIFE" AT ARIZONA TODAY

"Husband and Wife" written by Charles Kenyon, author of "Kindling" and put in scenario form by Gardner Huntington, will mark the first of the Brady-made all-star pictures to be released on the World Film program. Although there have been many Brady-made successes to be released in the past few months, this is the first in which an all-star cast is used. Ethel Clayton and Holbrook Blinn have the two leading roles, supported by Emmett Corrigan, Gerda Holmes, Montagu Love, Dion Titheradge and Little Madge Evans. "Husband and Wife" will be the attraction at the Arizona today and tomorrow.

Godfathers" is one of the most unique screen creations ever done. Imagine if you can—three wizened, desert rats, men so case hardened that they would kill a fellow mortal to see him fail, coming upon a woman alone in a camping wagon in the desert. She is about to become a mother. They take care of her until the baby is born and when, with her dying breath she calls them the lot's godfathers and hopes he will grow up to be big brave men like them, they resolve to "get that kid to civilization or die in the attempt." Two of them fall by the wayside trying to take the baby to camp. The third succeeds, but not until he has almost gone through hell itself to see the baby safe. It's a great story and splendidly done.

**"The Selfish Woman" at Lamara**  
A small village was burned one night recently for the filming of "The Selfish Woman," the Wallace Reid-Cleo Ridgley production which will be seen at the Lamara today under the direction of the Lasky company. It is a Paramount release. The village was erected at the Lasky Ranch and nearly five hundred people took part in the scenes. Formerly the ranchers in the vicinity of the Lasky place turned out en masse for the big scenes, but now when they see a lurid glare in the sky in the dead of night, they merely remark, "Them there Laskys is up to their doins' again," and then return to their peaceful sleep.

**"Artie, the Millionaire Kid" at Lion**  
Today is the last time that "Artie, the Millionaire Kid" will be shown at the Lion theater. It is a five act comedy featuring Dorothy Kelly and Ernest Truox and is clean, wholesome comedy, full of chuckles and hearty laughs for the entire five reels. This is the second time this picture has been shown at the Lion and nothing but the best are brought back for the second run. A "Sally and Napoleon" comedy is the added attraction today. Tomorrow the Lion will present Raymond Hitchcock in a great Ford Flivver comedy in two acts called "His Wonderful Wager." This is a great children's picture as it shows an entire circus and is screamingly funny.

**Isis Theatre**  
With a complete change of program tomorrow night the last opportunity to hear Levy and the four Symphony Maids will pass into history with the last performance at the Isis tonight.

Mr. Levy and the four sisters are one big family of brilliant musicians and offer vocal and instrumental selections with credit to themselves and the Isis management.

Berg and Weston have a singing and talking character change act that is far ahead of the average act of the kind and furnish fifteen minutes of fun.

"The Ham and Bud in 'The Package Smasher'" is a dandy railroad comedy and the three-reel picture, "The Rough Neck," received a great deal of applause.

The vaudeville acts for the Friday change will be Willis and Brownie, comedy singing and talking, and Florence Russell, singing and whistling.

There will also be a change of pictures from General Film Service and all in all the new program for four nights with a Saturday matinee promises to be up to standard.

**"In Mizzouri" at Coliseum**  
"In Mizzouri," a singing and dancing show, will be presented at the Coliseum theater tonight by the Lewis and La Velle stock and vaudeville company. According to the statement of the management this company is the best aggregation of performers that has

ever appeared in the house. In view of this it is expected that an unusually large crowd will turn out to witness the performance. It will be offered to-night only.

"Across the Border" will be the offering on Friday, Saturday and Sunday nights. It is claimed that this show is of special interest to Arizonans and people of the border states as it deals with the situations that have arisen along the southern border of Arizona and New Mexico.

**LUCKY STRIKE MINING CO.**  
Capital Stock 1,200,000 Shares  
Par 10 Cents

Now is the time to buy shares in this company.  
Price will double in a short time.

The property is located in the Walnut Grove Mining District, of Yavapai County, Arizona, about nine miles from the P. & P. R. R., being easily accessible by a good automobile road.

The group consists of eight claims, the formation on and in the vicinity being a metamorphic slate altered schist and lime and porphyry dikes.

**The Property Already Well Developed and Shipments of High-Grade Ore Have Been Made**

There is over 700 feet of development work done, exposing copper ore from 2 to 12% and carrying gold and silver. This is a property of merit, and we want every investor to visit it before buying. The management believes that a very nominal sum would place the Lucky Strike in a big producing way and are therefore offering 100,000 shares at 25c per share, to be used strictly for development purposes.

This allotment is being distributed throughout the east and will not last but a few days. Make sure of your stock and wire immediately. Write for full information to
